

ClarityNET[®]

Safety & Environmental Courses Available

Titles in red are available in both French and English.

| | | |
|--|---|--|
| Accident Investigation | Chemical Handling Safety – Solvents | DOT Drug and Alcohol Testing |
| Aerial Lifts | Chemical Handling Safety: Corrosives | Driven to Distraction |
| Arc Flash: Safety Awareness | Combustible Dust: Up in a Flash | Drum Handling |
| Asbestos Awareness | Compressed Gas Safety Awareness | Electrical Emergencies: Proper Response |
| Asbestos Awareness: Understanding the Risk | Compressed Gases: Safe Handling | Electrical Emergencies: Working Around Live Circuits |
| Asbestos in Construction | Confined Space Atmospheric Testing | Electrical Power Generation |
| Avian Flu: What You Need To Know | Confined Space Entry | Electrical Safety |
| Back Safety | Confined Space Entry: Inside Maneuvers | Electrical Safety - Beware the Bite |
| Back Safety: Defending Your Safety Zone | Confined Space Entry: Inside Maneuvers | Electrical Safety for the Qualified Worker |
| Back Safety for Material Handlers | Confined Space Entry: Keeping Public Employees Safe | Emergency Action Plan: Crisis under Control |
| Back Safety: For First Responders | Confined Space Non-Entry Rescue | Emergency Evacuation: Getting Out Alive |
| Back Safety: Lift Well, Live Well | Confined Space Hotwork: Checklist to Safety | Emergency Response Driving |
| Before You Turn the Key (Driving) | Construction Electrical Safety: Current Control | Emotional Wreck |
| Benzene: Knowledge is Power and Safety | Construction Fall Protection: Get Arrested | Environmental Awareness 1 |
| Biological and Chemical Threats-Closing the Door | Contractor Safety: It's Everybody's Business | Environmental Awareness 2 |
| Bloodborne Pathogens | CPR and AED: The Chain of Survival | Environmental Overview: Recipe for a Cleaner World |
| Bloodborne Pathogens for Corrections | Crane Inspection | Ergonomics |
| Bloodborne Pathogens for Custodians | Decontamination: A Matter of Life! | Ergonomics: Solving the Puzzle |
| Bloodborne Pathogens for Fire and Rescue | Defensive Driving | Ergonomics: The 24 Hour Body |
| Bloodborne Pathogens for Law Enforcement | Defensive Driving for Government Employees | Eye Protection: See the Whole Picture |
| Bloodborne Pathogens: Know the Risk | Defensive Driving: 15 Passenger Vans | Facility Security: The Critical Link |
| Bloodborne Pathogens: Protecting Law Enforcement | Disaster Safety Aftermath & Clean Up | Fall Protection |
| Bloodborne Pathogens: Take Precautions | Disposable Respirators: Exposure Control | Fall Protection: The Right Connection |
| Bucket Trucks – Extending Your Safety | | Fire Extinguishers: Your PASS to Safety |
| Cadmium Safety | | (continued to next page) |
| Chemical Handling Safety – Basic Principles | | |
| Chemical Handling Safety – Flammables | | |

Call 800-267-7482 to schedule a free evaluation of the Coastal elearning system.

Fire Safety

Fire Safety – Alert, Aware, Alive

Fire Safety: There's No Second Chance

First Aid: Prepared to Help

Forklift Basics: Safe from the Start

Forklift Certification

Forklift Maneuvers: All the Right Moves

Forklift Safety

Global Harmonization: Worldwide Hazard Communication

Groundskeeping Safety - Dealing With Bugs and Critters

Groundskeeping Safety: Be A Pro!

Hand Protection

Hand Safety: It's in Your Hands

Hazard Communication: Elements of Safety

Hazard Communication for Non-Industrial Employees

Hazard Communication for Public Employees

Hazard Communication for Pulp and Paper

Hazard Communication: Identifying the Dangers

Hazard Communication: The Road to Safety

Hazard Recognition and Control

Hazard Recognition for Utility Workers

Hazcom: Identifying the Dangers

Hazmat Awareness

HAZMAT Shipping Papers

Hazwoper Awareness

HAZWOPER First Responder Awareness Level

HAZWOPER First Responder: Awareness Level

HAZWOPER First Responder: Operations Level

HAZWOPER First Responder: Operations Level

Hearing Protection

Hearing Protection: It Makes Sense

Hearing Protection: Sounds Good to Me

Heat Stress

Heat Stress: Code Red

Heat Stress: Don't Lose Your Cool

Hexavalent Chromium Awareness

Housekeeping: It Ain't Like the Movies

Hydrogen Sulfide/Sulfur Dioxide

Incident Command System: When Duty Calls

Incident Investigation: Getting Started

Incident Investigation: Analyzing the Facts

Incident Investigation: Forming an Effective Team

Incident Investigation: Recommendations, Communication and Follow-Up

Indoor Cranes

Industrial First Aid

Job Safety Analysis: Pro-Active Planning

Just Another Day

King's Cross: Beneath the Flames

Laboratory Safety

Laboratory Safety – The Finer Points

Laboratory Safety- Under the Hood

Ladders

Laser Safety: The Blink of an Eye

Lead Safety

Lead Safety for Firearms

Lead Safety: On the Job

Learn from Their Mistakes: Hazcom Case Histories

Line Breaking

Lockout/Tagout

LOCKOUT/TAGOUT – Controlling the Beast

Lockout/Tagout - For Pulp and Paper

Lockout/Tagout: An Open and Shut Case

Lockout/Tagout: Lightning in a Bottle

Lockout/Tagout: Lightning in a Bottle

Machine Guarding

Marking, Labeling, and Placarding: HAZMAT for Transportation

Media Relations for Law Enforcement

Medical Emergencies: Citizen Responder

Mold Awareness

MRSA Awareness

N.O.R.M. (Naturally Occurring Radioactive Materials)

Office Ergonomics

Office Safety

Office Safety: It's a jungle in There

OSHA: An Introduction

OSHA: An Introduction for Construction

Oxyfuel Gas Cutting: The Sure Cut

Personal Fall Protection

Personal Fall Protection for Construction

Personal Fall Protection: One Step Beyond

Personal Protective Equipment

Personal Protective Equipment on the Waterfront

Personal Protective Equipment: The Right Choice!

Call 800-267-7482 to schedule a free evaluation of the Coastal elearning system.

Personal Protective Equipment: Reality in the Public Sector

Personal Protective Equipment: Win the Race to Safety

Pharmaceutical Sales Reps' Safety

Pinch Points and Safeguarding for Pulp and Paper

Port Security: We're Counting on You

Port Security for Visitors, Vendors and Contractors

Portable Fire Extinguishers

PPE: Don't Start Work Without It

Preparing Hazmat for Transportation

Preventing Drug and Alcohol Abuse -Waterfront

Pro-Active Safety Attitudes: Looking Out For Number One

Process Safety: Protecting Employees

Public Building Security: It's Everyone's Concern

Radiation Safety: The Basics

Radioactive Transportation and Disposal - Medical

Railcar Safety on the Waterfront

RCRA: Large Quantity Generators

RCRA: Small Quantity Generators

Ready to Work on the Waterfront

Recognizing Alcohol and Drug Abuse for Employees

Recognizing Alcohol and Drug Abuse for Managers

Respirator Safety: A Sure Fit

Respiratory Protection

Retail Safety Orientation

Rigging Operations

Rigging: Equipment Basics

Roadway Worker Safety: In the Zone

Safe Driving on the Waterfront

Safe Winter Driving

Safety Orientation: On Alert

Sales Reps' Safety: Empowered to Perform

Scaffold Safety

Service Reps: A Day in the Life

Signaling On The Waterfront

Silica Safety

Slips, Trips and Falls: Taking the Right Steps

Small Spills and Leaks

Smallpox Awareness - For First Responders

Spill Prevention and Control: Insuring a Safer World

Spiral to Disaster

Stairways and Ladders

Stationary Scaffolds in Construction

Stormwater Runoff - I Can Make A Difference

Strains & Sprains: Avoid the Pain

Target Zero: Pro-Active Safety Attitudes

TDG: Transportation of Dangerous Goods

The Newcomers

Transit Security on the Lookout

Trenching and Shoring

Walking and Working Surfaces

Welding Safety: Safe Work With Hotwork

WHMIS: Your Safety Net

Winter Safety

Working Around Cranes

Working around Hazardous Materials on the Waterfront: Every Choice Counts

Working Around Vehicles Safely - Waterfront

Working Outdoors: Mosquitoes and Ticks

Working Safely around Railcars - Waterfront

Working Safely with Power Tools
