

# DuPont™ eLearning Suite

## SAFETY & ENVIRONMENTAL COURSES

Titles in red are available in French and English.

Accident Investigation

Aerial Lifts

**Arc Flash: Safety Awareness**

Asbestos Awareness

Asbestos Awareness: Understanding the Risk

Asbestos in Construction

Avian Flu: What You Need To Know

Back Safety

Back Safety: Defending Your Safety Zone

Back Safety for Material Handlers

Back Safety: For First Responders

**Back Safety: Lift Well, Live Well**

Before You Turn the Key (Driving)

Benzene: Knowledge is Power and Safety

Biological and Chemical Threats-Closing the Door

**Bloodborne Pathogens**

Bloodborne Pathogens for Corrections

Bloodborne Pathogens for Custodians

Bloodborne Pathogens for Fire and Rescue

Bloodborne Pathogens for Law Enforcement

Bloodborne Pathogens: Know the Risk

Bloodborne Pathogens: Protecting Law Enforcement

Bloodborne Pathogens: Take Precautions

Bucket Trucks – Extending Your Safety

Cadmium Safety

Chemical Handling Safety – Basic Principles

Chemical Handling Safety – Flammables

Chemical Handling Safety – Solvents

Chemical Handling Safety: Corrosives

Combustible Dust: Up in a Flash

Compressed Gas Safety Awareness

Compressed Gases: Safe Handling

**Confined Space Entry**

Confined Space Entry: Inside Maneuvers

Confined Space Entry: Keeping Public Employees Safe

Confined Space Non-Entry Rescue

Confined Space Hotwork: Checklist to Safety

Construction Electrical Safety: Current Control

Construction Fall Protection: Get Arrested

Contractor Safety: It's Everybody's Business

CPR and AED: The Chain of Survival

Crane Inspection

Decontamination: A Matter of Life!

**Defensive Driving**

Defensive Driving for Government Employees

Defensive Driving: 15 Passenger Vans

Disaster Safety Aftermath & Clean Up

Disposable Respirators: Exposure Control

DOT Drug and Alcohol Testing

Driven to Distraction

Drum Handling

Electrical Emergencies: Proper Response

Electrical Emergencies: Working Around Live Circuits

Electrical Power Generation

Electrical Safety

**Electrical Safety - Beware the Bite**

Electrical Safety for the Qualified Worker

Emergency Action Plan: Crisis Under Control

Emergency Evacuation: Getting Out Alive

Emergency Response Driving

Emotional Wreck

Environmental Awareness 1

Environmental Awareness 2

Environmental Overview: Recipe for a Cleaner World

Ergonomics

Ergonomics: Solving the Puzzle

Ergonomics: The 24 Hour Body

Eye Protection: See the Whole Picture

Facility Security: The Critical Link

Fall Protection

Fall Protection: The Right Connection

Fire Extinguishers: Your PASS to Safety

**Fire Safety**

**Fire Safety – Alert, Aware, Alive**

Fire Safety: There's No Second Chance

**First Aid: Prepared to Help**

**Forklift Basics: Safe from the Start**

Forklift Certification

**Forklift Maneuvers: All the Right Moves**

Forklift Safety

Global Harmonization: Worldwide Hazard Communication

Golf Cart and LSV Safety

Groundskeeping Safety - Dealing With Bugs and Critters

Groundskeeping Safety: Be A Pro!

Hand Protection

Hand Safety: It's in Your Hands

Hazard Communication: Elements of Safety

Hazard Communication for Non-Industrial Employees

Hazard Communication for Public Employees

Hazard Communication for Pulp and Paper

Hazard Communication: Identifying the Dangers

Hazard Communication: The Road to Safety

Hazard Recognition and Control

Hazard Recognition for Utility Workers

## SAFETY & ENVIRONMENTAL COURSES (Continued)

Titles in red are available in French and English.

Hazcom: Identifying the Dangers	Lead Safety: On the Job	Pharmaceutical Sales Reps' Safety
Hazmat Awareness	Learn from Their Mistakes: Hazcom Case Histories	Pinch Points and Safeguarding for Pulp and Paper
HAZMAT Shipping Papers	Line Breaking	Port Security: We're Counting on You
Hazwoper Awareness	Lockout/Tagout	Port Security for Visitors, Vendors and Contractors
HAZWOPER First Responder Awareness Level	LOCKOUT/TAGOUT – Controlling the Beast	Portable Fire Extinguishers
HAZWOPER First Responder: Operations Level	Lockout/Tagout - For Pulp and Paper	<b>PPE: Don't Start Work Without It</b>
Hearing Protection	Lockout/Tagout: An Open and Shut Case	Preparing Hazmat for Transportation
Hearing Protection: It Makes Sense	<b>Lockout/Tagout: Lightning in a Bottle</b>	Preventing Drug and Alcohol Abuse -Waterfront
Hearing Protection: Sounds Good to Me	Machine Guarding	Pro-Active Safety Attitudes: Looking Out For Number One
Heat Stress	Marking, Labeling, and Placarding: HAZMAT for Transportation	Process Safety: Protecting Employees
Heat Stress: Code Red	Media Relations for Law Enforcement	Public Building Security: It's Everyone's Concern
Heat Stress: Don't Lose Your Cool	Medical Emergencies: Citizen Responder	Radiation Safety: The Basics
Hexavalent Chromium Awareness	Miracle on the Hudson: Prepare for Safety	Radioactive Transportation and Disposal - Medical
Housekeeping: It Ain't Like the Movies	Mold Awareness	Railcar Safety on the Waterfront
Hydrogen Sulfide/Sulfur Dioxide	MRSA Awareness	RCRA: Large Quantity Generators
<b>Incident Investigation: Getting Started</b>	N.O.R.M. (Naturally Occurring Radioactive Materials)	RCRA: Small Quantity Generators
Incident Investigation: Forming an Effective Team and Gathering Information	Office Ergonomics	Ready to Work on the Waterfront
Incident Investigation: Analyzing the Facts and Causes	Office Safety	Recognizing Alcohol and Drug Abuse for Employees
Incident Investigation: Recommendations, Communication and Follow-Up	<b>Office Safety: It's a Jungle in There</b>	Recognizing Alcohol and Drug Abuse for Managers
Incident Command System: When Duty Calls	OSHA: An Introduction	Respirator Safety: A Sure Fit
Indoor Cranes	OSHA: An Introduction for Construction	<b>Respiratory Protection</b>
Industrial First Aid	Oxyfuel Gas Cutting: The Sure Cut	Retail Safety Orientation
Job Safety Analysis: Pro-Active Planning	Personal Fall Protection	Rigging Operations
Just Another Day	Personal Fall Protection for Construction	Rigging: Equipment Basics
King's Cross: Beneath the Flames	<b>Personal Fall Protection: One Step Beyond</b>	Roadway Worker Safety: In the Zone
Laboratory Safety	Personal Protective Equipment	Safe Driving on the Waterfront
Laboratory Safety – The Finer Points	Personal Protective Equipment on the Waterfront	Safe Winter Driving
<b>Laboratory Safety - Under the Hood</b>	Personal Protective Equipment: The Right Choice!	<b>Safety Orientation: On Alert</b>
Ladders	Personal Protective Equipment: Reality in the Public Sector	Sales Reps' Safety: Empowered to Perform
Laser Safety: The Blink of an Eye	Personal Protective Equipment: Win the Race to Safety	Scaffold Safety
Lead Safety		Service Reps: A Day in the Life
Lead Safety for Firearms

## SAFETY & ENVIRONMENTAL COURSES (Continued)

Titles in red are available in French and English.

Signaling On The Waterfront

Silica Safety

Slips, Trips and Falls: Taking the Right Steps

Small Spills and Leaks

Smallpox Awareness – For First Responders

Spill Prevention and Control: Insuring a Safer World

Spiral to Disaster

Stairways and Ladders

Stationary Scaffolds in Construction

Stormwater Runoff – I Can Make A Difference

Strains & Sprains: Avoid the Pain

Target Zero: Pro-Active Safety Attitudes

TDG: Transportation of Dangerous Goods

The Newcomers

Transit Security on the Lookout

Trenching and Shoring

Walking and Working Surfaces

Welding Safety: Safe Work With Hotwork

WHMIS: Your Safety Net

Winter Safety

Working Around Cranes

Working Around Hazardous Materials on the Waterfront: Every Choice Counts

Working Around Vehicles Safely – Waterfront

Working Outdoors: Mosquitoes and Ticks

Working Safely Around Railcars – Waterfront

Working Safely with Power Tools
