Foot Safety: Safely On Your Feet

Foot injuries and slips and falls are a major source of lost-time injuries. This 12-minute video program is concerned with keeping our feet safe - and keeping us safely on our feet. The video stresses the importance of matching your footwear to the potential hazards of the job. It clearly illustrates the importance of safety features such as toe protection, traction, and support. Many work environments and potential hazards are illustrated. (12 min) **Aurora**. #47-S18-DVD \$399

Because It's Your Foot

This fast paced video is designed as a "meeting opener" for a foot protection or PPE presentation. It will grab everyone's attention and help you start productive discussion on foot safety issues in your workplace. (4 min) **Aurora Pictures**. #47-S19-DVD \$159

Foot Protection

Every year more than 100,000 workers injure their feet while on the job. Most of these accidents are brought on by carelessness and complacency. *Protecting Your Feet: Learning the ABC's* reviews ways to prevent foot injuries and motivates workers to take proper precautions. (18 min) **DuPont**. #26-S61-DVD \$495

PPE: Win The Race to Safety

Teaches workers when to use personal protective equipment, how to ensure proper fit, how to maintain their PPE and when to dispose of it. The video features NASCAR star Ted Musgrave, who walks viewers through an explanation of the different types of PPE available for the eyes, ears, hands, head and feet, demonstrating how he employs each type of protection when he races. (24 min) **DuPont**. #26-S196-DVD \$495

PPE: The Right Choice

This video features actual industrial workers who recall how the choices they made about PPE had an impact on their lives. The point of these testimonials is to show viewers that they must wear the protective equipment that is required in their work areas or risk suffering tragic injuries. Topics of the program include hard hats, eye protection, earplugs and earmuffs, hand protection and safety footwear. (16 min) **ERI**. #48-2149.-DVD \$495

Real-Life Situation: Personal Protective Equipment

You encourage your employees to make decisions but, as you know, they don't always make the right ones. This unique program takes employees through some "real-life" situations and forces them to think about how they would respond. It encourages them to make life-or-death decisions - right from the safety of their seats. (14 min) **DuPont**. #26-S172-DVD \$495
Available in French.

Personal Protective Equipment

Your employees need to take an active, hands-on role in their personal workplace safety. Motivate your employees to wear and care for their PPE - including hard hats, safety glasses, goggles, shoes, protective clothing, and more with this upbeat program. (10 min) **CLMI**. #39-PPE-DVD \$395

High-Impact Personal Protective Equipment

This high-impact video stresses to your employees that PPE is the last line of defense between them and job hazards and that they must wear it at all times. It is required to prevent tragic injuries. The eight accidents portrayed in this program will show viewers why wearing PPE can mean the difference between life and death.

- Knowing when PPE is required
- Different types of PPE
- Special protective clothing
- Care and maintenance of PPE

(19 min) **ERI**. #48-9826-DVD \$495

More High-Impact Personal Protective Equipment

This program discusses the proper selection and use of personal protective equipment and shows painful examples of making poor decisions concerning our protection. Viewers will get the point that making excuses when it comes to wearing appropriate PPE offers no protection from workplace hazards. (19 min) **ERI**. #48-2484-DVD \$495

That's Why You Wear A Hardhat

Nearly 100,000 workers suffer serious head injuries each year, mostly due to failure to wear a hardhat, wearing the wrong hardhat, or wearing it incorrectly. This video uses several injury scenarios and worker testimony to drive home the point that most head injuries can be avoided through the proper use of a hardhat. (13 min) **ERI**. #48-2434-DVD \$495

Personal Protective Equipment: The Right Choice!

This high-impact training program will grab everyone's attention with a graphic testimonial from someone who neglected to wear the proper PPE and paid the price. Detailed explanations of how and why to wear PPE – from hard hats to footwear – will ensure your employees are well-equipped for their jobs.

- Proper way to wear and care for PPE
 - Eye protection options
 - Choosing the right gloves for the job
 - How to protect your feet
- (18 min) **DuPont.** #26-S414-DVD \$495

High-Impact Power Tool Safety

This video features six accident reenactments to remind power tool users about key safety issues and to make them aware of the painful injuries that result from unsafe use. Topics include inspecting tools before use, selecting the proper tool for the job, being trained and authorized to use tools and correct body placement and tool positioning. Electrical extension cords, GFCI's, dangers of compressed air, avoiding horseplay, recognizing fire hazards and using proper PPE are also covered. (18 min) **ERI.** #48-2124-DVD \$495

PPE: Head to Toe

This program provides an easy to understand overview of the variety of PPE available to help make our work safe. It emphasizes the importance of wearing the proper PPE by showing an re-enactment of an arc flash incident that could have been tragic had the person not been wearing the proper PPE. The worker involved describes the incident and how his PPE saved him from injury. Other interviews with workers who avoided eye and foot injuries reinforce the safety message. Great for new employees or for refresher training.

Aurora. #47-30-DVD \$425

PPE: Reality In The Public Sector

People have different reasons for not wanting to wear their PPE and this program takes a first hand look at the devastating effects of not taking this responsibility seriously. Using real-life testimony from a worker injured on the job, *PPE: Reality In The Public Sector* makes it clear that wearing the right equipment can reduce or eliminate injury.

- Wearing the right PPE for the job
 - The importance of PPE
 - Employer's and employee's responsibility
 - Care and maintenance
 - Different types of PPE.
- (19 min) **DuPont.** #26-S413-DVD \$495

Personal Protective Equipment: Don't Start Work Without It!

This program is geared towards newly hired employees and details the fundamentals of Personal Protective Equipment. This must-see training video will inform your employees of the various types of PPE available and the proper use of each.

- Eye and Face Protection
 - Hearing Protection
 - Head Protection
 - Hand Protection
 - Foot Protection
- (14 min) **DuPont.** #26-S269-DVD \$495
