

## Hearing Conservation

The importance of hearing protection and a hearing conservation program are stressed in this presentation.

(17 min) **Electrolab Training Systems.**  
#12-HC12-DVD \$250

## Hearing Protection: Sounds Good To Me

This program, hosted by country music legend Charlie Daniels, covers the importance of proper hearing protection and details the effect noise has on the human ear. (14 min) **DuPont.**

#26-S183-DVD \$495

*Also Available in French.*

## Are You Listening, Jim?

This program presents the story of one worker's struggle with his own "inner voices" that encourage him to take better care of his hearing. Your workers will understand that it is not just the noise at work that can cause hearing loss, but excessive sound levels off the job as well. The overall message is simple, hearing loss is permanent but preventable and everyone needs to take care of their hearing any time they are exposed to high levels of noise.

- Mechanics of hearing
- How sound affects the ear and how hearing loss occurs
- Warning signs of hearing loss
- Types of hearing protection and how to use them
- How annual hearing tests measure and record hearing loss

(14 min) **CLMI.** #39-BAYL-DVD \$395

## Hearing Conservation

Without the proper safeguards, high volume noise can seriously and permanently damage hearing. Teach employees that daily awareness of loud noise areas and proper selection and use of hearing protection equipment is the key to avoiding a lifetime of hearing loss. (12 min) **CLMI.**

#39-HECCP-DVD \$395

## What? Protect Your Hearing

This program takes an entertaining approach to illustrate what happens to workers who ignore the signs of hearing loss and what employees can do to protect their hearing while they still can.

- How sound affects the ear and how hearing loss occurs
- Warning signs of hearing loss
- Types of hearing protection and how to use them
- What to look for in their annual hearing tests
- Reasons to take responsibility for their own hearing protection

(13 min) **CLMI.** #39-HEA-DVD \$395

## Hearing Loss Prevention Employee Training

In this program, fighter pilot Major John Busch will demonstrate to employees the importance of wearing proper hearing protection in all situations where noise can be hazardous. Topics include the company Hearing Conservation/Loss Prevention program, types of hearing protection, symptoms of hearing loss and dangers of off-job noise.

(14 min) **ERI.** #48-9830-DVD \$495

## Hearing Protection: It Makes Sense

This program demonstrates how employers and employees can work together to use the principles of hearing conservation and noise control to safeguard one of the most important senses. Produced with technical support from the National Hearing Conservation Association (NHCA).

- How the ear works
  - Dangerous noise levels
  - Audiometric testing
  - Engineering and administrative controls
  - Personal protective equipment
- (22 min) **DuPont.** #26-S102-DVD \$495

## Hearing Protection: Real, Real-Life

Hearing is easily taken for granted -- until damage or loss occurs. Teach your employees the value of proper hearing protection and easy methods to accomplish it with the information in the latest addition to the *Real, Real-Life* series!

- Structure of the ear
  - Causes of hearing loss
  - Personal protective equipment
  - Handbook available.
- (17 min) **DuPont.** #26-S283-DVD \$495
