

# Personal Protective Equipment: Respiratory Protection

**Have it the way you want!**  
DVD, E-learning, Streamed, Video On Demand,  
Custom Edits, You name it we can deliver.

## Respirator Safety: Public Knowledge

Respirators can be hot, bulky, heavy and just an overall hassle. But they can also be the difference between life and death. Give your workers a straight-forward look at why they need respirators, how to properly fit and maintain them and when to use certain types.

- Airborne hazards
  - Control and respirator selection
  - Fit test and fit check
  - Care and maintenance
- (21 min) **DuPont.** #26-S502-DVD \$495

## Respiratory Protection

Teach your employees the importance of wearing a respirator and how to choose the proper equipment in order to protect themselves from breathing damaging contaminants. (12 min) **CLMI.** #39-RSP-DVD \$395

## The Respiratory Protection Program: Employee Training

This program, which is available for employee review, outlines the measures taken by your employer to ensure the health and safety of your respiratory system. This video shows employees how this plan works to protect them from respiratory hazards. Topics include employee medical evaluation, respirator selection and assignment protection factors, various types of respirators, hazards of IDLH atmospheres, qualitative and quantitative fit tests, user seal checks and cleaning and storage of respirators. (16 min) **ERI.** #48-2705-DVD \$495

## The Respiratory Protection Program: Employer Responsibilities

To protect employees from respiratory hazards and environments that are oxygen deficient, employers may require the use of respiratory protection. When respiratory protection is used, employers must follow the regulations laid out in OSHA's Respiratory Protection Standard, 1910.134. This video provides an overview of the employers responsibilities and discusses key components of a proper Respiratory Protection Program. Topics include how the respiratory protection program works, types & uses of respirators, APF's & MUC's and qualitative & quantitative fit tests. (20 min) **ERI.** #48-2704-DVD \$495

## Respiratory Protection

This comprehensive 4-part series allows you the flexibility to create a training program on respiratory protection. **Video Training Source, Inc.** #49-S6-DVD \$395 each.

## Disposable Respirators: Exposure Control

This video covers disposable respirators ranging from simple dust masks to disposable half mask styles with cartridges. These respirators are sometimes referred to as filtering face pieces, dust masks, maintenance free respirators, or single use respirators. This video is a training aid for employees who wear disposable respirators on the job. (12 Min) **DuPont.** #26-S251-DVD \$495

## Respiratory Protection: Another World

This program covers the hazardous atmospheres your workers face on the job, respirator types and selection, the written respirator plan, medical evaluation and fit testing. (15 min) **DuPont.** #26-S109-DVD \$495  
*Video available in French.*

## Respiratory Protection: A Breath of Fresh Air

This program will help workers avoid exposure to airborne hazardous substances that can lead to serious health effects and other chronic illnesses. (18 min) **DuPont.** #26-S188-DVD \$495

## Respirator Safety: A Sure Fit

Respirators are critical equipment on many jobs but if the fit isn't right, they may not help at all. Fit-testing is required annually and before a respirator is used on a job or whenever a different face piece is used. Be sure your workers know how to fit test their apparatus properly. This safety training program illustrates the different types of respirators, what they are used for and how to fit them correctly to maximize their protective qualities.

- Oxygen deficient and contaminated atmospheres
  - Supplied air respirators
  - Air purifying respirators
  - Respirator selection
  - Fit test and fit check
- DuPont.** #26-S501-DVD \$495
