

WHMIS

Your Safety Net

Every workplace has its share of hazardous materials . . . and they come in all shapes and sizes. But keeping up-to-date on new risks, hazards and precautions can make the difference between working safely and working without a safety net. Complete your WHMIS training requirements with these exceptional DuPont products.

WHMIS: Your Safety Net

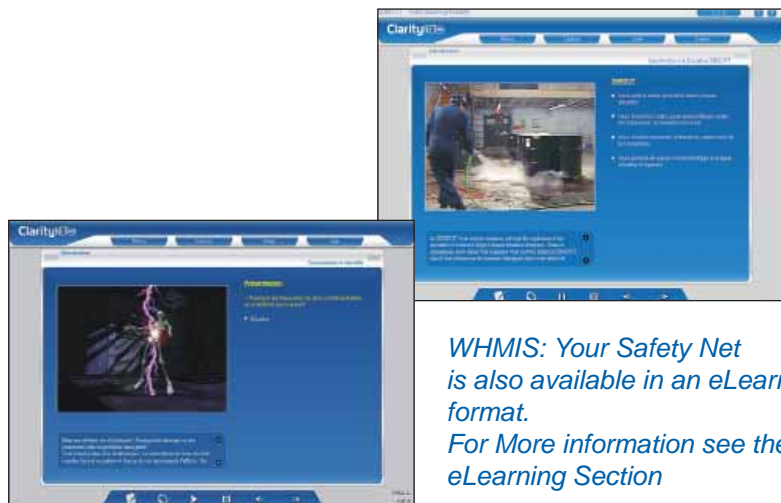

This fast-paced WHMIS video will help protect the safety of employees by reminding them about the potential hazards of the chemicals with which they work.

- Review of MSDSs
- Working around chemicals
- Physical and health hazards of chemicals
- Exposure limits

(14 min) #26-S185-DVD \$495

Available in French.

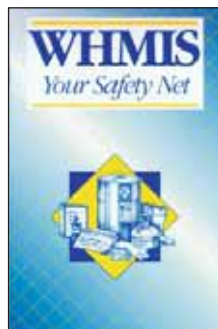

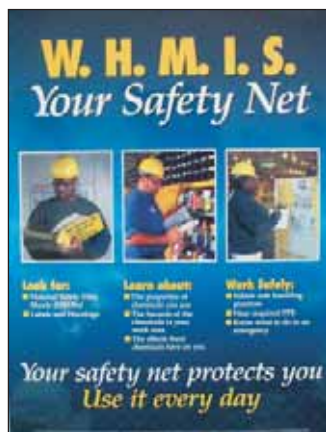

E-Learning Version Available

WHMIS: Your Safety Net is also available in an eLearning format.

For More information see the eLearning Section

Complement your training with this colourful, bilingual poster (French on reverse).

WHMIS: Your Safety Net handbook available in both French and English versions. NEW Healthcare version available

This 4-part Chemical Handling Series from DuPont details how to properly use and store hazardous chemicals and is a great complement to your WHMIS training.

Basic Principles

As dangerous as some chemicals are, you can handle them safely by knowing what you are working with, how to handle them and what to do in an emergency. (20 min) #26-S271-DVD \$495

Flammables

Fire is one of the greatest threats to workplace safety. The presence of flammable chemicals only increases this threat. This video teaches how to keep flammables under control and ensure a safe workplace. (20 min) #26-S272-DVD \$495

Corrosives

Corrosives come in many forms and perform a variety of jobs. But it's not always easy to spot them by how they're used. This video teaches how to recognize corrosive materials and how to handle and use them safely. (20 min) #26-S273-DVD \$495

Solvents

Solvents are among the most common chemicals in the workplace, but can be hazardous if used improperly. This video illustrates how knowledge, preparation and good work practices will help you work safely. (20 min) #26-S274-DVD \$495

TDG Self-Teach*

Danatec's bestselling TDG Self-Teach™ training program can be used for independent study, group study or classroom training. The course content includes:

- An overview of the TDG requirements
- Responsibilities of shippers, handlers and drivers
- Classes of dangerous goods
- Shipping documents
- Safety marks
- Containers
- Special situations
- Emergency actions

Danatec. #100-9140

1 to 24: \$34.95 ea

25 to 99: \$34.95 ea

100+: \$29.95 ea

**Each package includes training materials for one person: a manual, excerpts from the dangerous goods list, a class guide, a checklist, an exam and a certificate.*

TDG Handbook

The TDG handbook is a handy reference guide that contains a summary of the material covered in the TDG training programs.

- Clearly written
- Pocket-sized
- Full-colour

Danatec. #100-9130

1 to 49: \$8.95 ea

50 to 99: \$8.50 ea

100+: \$8.00 ea

WHMIS Self-Teach*

Our WHMIS Self-Teach™ training program is ideal for first-time WHMIS students and for refresher training.

When used for independent study it allows students to move through the material at their own pace. In small groups and classroom setting it provides a comprehensive guide to WHMIS fundamentals followed by exercises for workplace-specific training. Course content includes:

- An overview of WHMIS
- Understanding of the hazards
- WHMIS labels
- Personal protection
- Emergency actions
- Special situations

**Each package includes training materials for one person: a manual, sample MSDS, sample supplier label, competency check and certificate.*

Danatec. #100-2140

1 to 24: \$34.95 ea

25 to 99: \$34.95 ea

100+: \$29.95 ea

TDG Training Video

This six-part instructional program has been re-designed and expanded for use with Danatec's TDG Instructor's Manual and TDG Handbook. This DVD includes menu options so your employees can either view the entire video, or select from the following chapters:

- Introduction to TDG
- Classification-Documentation
- Safety Marks
- Containers-Emergency Actions

(27 min) **Danatec.** #100-9181-DVD \$295

WHMIS Tell Me Your Story

This 45-minute DVD contains six separate episodes. They can be easily integrated with a classroom course or used as a refresher. Individual episodes will promote lively discussion at safety meetings and provide a deeper understanding of the principles behind WHMIS.

(45 min) **Danatec.** #100-2111-DVD \$295

Comes with handbook and poster

WHMIS Handbook

The clearly written, compact guide can be used as a workbook in instructor-led courses and becomes a handy reference long after the training is complete.

This essential pocket reference includes room for workplace-specific information and is made of durable stock with a vinyl cover.

Danatec. #100-2135

1 to 49: \$7.95 ea

50 to 99: \$7.50 ea

100+: \$7.25 ea

TDG Training Video: Story of Safe Transport

This video is built around the story of a shipper and a driver who take on the responsibilities to classify, prepare, document, label, check, placard and transport a shipment of dangerous goods. With a fresh new approach, the video supports the classroom training provided by employers and illustrates the content of printed resources such as Danatec's TDG handbook, instructor's manual, self-teach program and online course.

Danatec. #100-9175-DVD \$295

TDG Awareness

Developed for Canadian industry, this Claritynet program offers 5 to 8 hours of TDG training covering both generic and specific training for those who handle, prepare and transport dangerous goods primarily by road transport. A powerful "Real Life" segment is included re-enacting a major truck accident involving loss of life. This segment demonstrates what can happen if the proper procedures are not followed. Topics covered include:

- Regulations and Training
- Classifications
- Identification
- Shipping Documentation
- Marking, Labeling & Placarding
- Container Handling
- Emergency Action

DuPont eLearning Suite.

WHMIS For Non-Industrial Employees

This brand-new program is intended to provide important information about safe work practices when working with hazardous chemicals in the office. Perfect for every office, warehouse and retail environment.

- MSDS
- Exposure limits

(20 min) **DuPont.** #26-S333-DVD \$495

WHMIS: Your Key to Chemical Safety 2-part DVD

Despite years of training on Hazard Communication, employees often ignore the hazards of chemicals in the workplace. Part 1 of CLMI's new video program takes a fresh approach to this topic and gives practical information on the use of chemicals to answer the following four questions:

- What am I working with?
- Can it hurt me?
- How do I protect myself?
- What do I do if something goes wrong?

Part 2 of this program covers new information on the new Global Harmonization labeling system.

This comprehensive DVD package also includes customizable written program, forms and overhead templates as well as a reproducible employee handbook. (15 min)

CLMI. #39-WHMIS2-DVD-CP \$595

Global Harmonization: Worldwide Hazard Communication

As we move into a global economy, clear communication becomes a necessity. Give your employees the basic information about the Globally Harmonized System (GHS) for Classification and Labeling of Chemicals. Teach them how GHS differs from the Hazard Communication Standard. This program covers the new labeling requirements, the GHS label elements and the different sections of the Safety Data Sheets. (15 min) **DuPont.** #26-S495. \$495

WHMIS: Behind the Scenes

This video covers the key elements of WHMIS training for workers in general industry. This is a WHMIS video that will keep the viewers attention and give them important information. It's filled with surprising special effects and attention-grabbing illustrations.

- Roles and responsibilities of employers and employees in the development and implementation of WHMIS.
 - Physical and health hazards chemicals can produce.
 - Different ways chemicals can enter our bodies, called routes of entry.
 - Important information found on chemical labels .
 - Overview of information found in Material Safety Data Sheets .
 - Chemical safety around the home.
- (20 min) **Aurora.** #47-S28-DVD \$425

WHMIS Case Histories

This important program details several true stories of accidents that occurred when warning labels were disregarded, MSDSs ignored and safety procedures forgotten. After seeing this program, your employees will be hard pressed to neglect the WHMIS procedures established in your facility.

(20 min) **DuPont.** #26-S90-DVD \$495
