TRAINING SYSTEMS

P.O. Box 320, 335 University Ave.,
Belleville, ON, K8N 5A5

Creating and maintaining a safe environment takes work. Implementing proven safety principles in a clear and easily understood manner will assist in preventing injuries. Electrolab can help your organization establish or build on an existing safety platform.

Electrolab has developed a list of programs which would be helpful to School Boards, Colleges and Universities. You will find this list enclosed with my letter.

We encourage you to preview our programs before purchasing to ensure they are suitable for your needs. You have 15 working days to review the videos and return them if they are not what you want, and you may retain the DVDs you would like to keep.

Take this opportunity to review the program descriptions I have enclosed, and use these to help keep your employees and students SAFE.

Please call me to request a 15 Day Free Preview, my number is 1-888-393-1330. You can also fax me a list at (613) 962-0284 or email khepburn@electrolab.ca. We send the programs out prepaid & insured. We ask that you return them prepaid by courier or insured mail.

This year make SAFETY a priority.

Sincerely,

Kara Hepburn

Safety Sales Representative
the program descriptions I have enclosed, and use
these to help keep your employees and students SAFE.

Bloodborne Pathogens in Schools

Bloodborne Pathogens Case Histories for Schools Bloodborne Pathogens for School Bus Drivers Bloodborne Pathogens for Cafeteria Employees Bloodborne Pathogens In Athletics Bloodborne Pathogens: Early Childhood As sure as the sun comes up every day, children end up with scraped knees, cuts and bruises. Students of all ages hurt themselves on the playground, in the classroom and on the playing field. As a professional in the education system, you need to be aware of the potential danger of bloodborne pathogens. Handbook available. **Coastal.** #26-S60-DVD \$275

Bloodborne Pathogens Case Histories for Schools

Gripping real-life stories highlight the potential dangers of bloodborne diseases in the educational environment. This compelling program helps educate teachers, bus drivers, custodial staff and physical education staff on the Standard Precautions that could save their lives. **Coastal.** #26-S112-DVD \$195

Bloodborne Pathogens for School Bus Drivers

It's important to protect the lives of children while transporting them to and from school. This critical program will help ensure that bus drivers understand Standard Precautions that can prevent the spread of bloodborne diseases. Handbook available. **Coastal.** #26-S189-DVD \$195 *Available in ClarityNet format.*

Bloodborne Pathogens for Cafeteria Employees

School cafeterias are busy places - they can also be dangerous. This program demonstrates the safety procedures that cafeteria employees need to know in order to keep themselves - and their workplace - safe and free from potential disease. Handbook available. **Coastal.** #26-S221-DVD \$195

Bloodborne Pathogens: A Lesson To Live By

This unique program takes you into a staff meeting where educators are discussing the return of a student with AIDS. Concerns and fears are tackled along with thorough instructions for handling blood in and around the school setting. Tips for sensible precautions are also covered.

- Bloodborne diseases
 - Myths
 - Risk of transmission
 - Helping students cope
 - Handbook available
- (17 minutes) **Coastal.** #26-S258-DVD \$275

Bloodborne Pathogens For School

Your school custodian has a hazardous job! That's why they must learn to protect themselves from transmission of dangerous bloodborne pathogens, and through effective cleaning and disposal of potentially infectious material, keep everyone in the school building safe and healthy!

- HBV, HCV, HIV
 - Transmission
 - Exposure Control Plan
 - Reducing the risk of exposure
 - Engineering controls
 - Work practice controls
 - PPE
 - Housekeeping
- (15minutes) **Coastal.** #26-S262-DVD \$275
Handbook available.
Available in ClarityNet format.

Bloodborne Pathogens: Protection In Educational Environments

This vital program details the training specifically mandated for educators.

- Exposure Control Plans
 - Work practice controls
 - Standard Precautions
- (20 minutes) **Coastal.** #26-S259-DVD \$275
Handbook available.

Bloodborne Pathogens In Athletics

Help keep everyone in your sports program safe from infection. This program teaches you how to protect your athletes and yourself from the three major forms of bloodborne pathogens: HIV, Hepatitis B and Hepatitis C.

(14 minutes)
Coastal. #26-S331-DVD \$275

Bloodborne Pathogens: Early Childhood

Kids will be kids and minor cuts and scrapes happen all the time. But before you dismiss them as no big deal, your faculty and staff need to consider the possibility of life-threatening bloodborne pathogens! Understand bloodborne pathogens and learn to follow established safety procedures with this new video!

(15 minutes) **Coastal.**
#26-S370-DVD \$275

Infection Control For Schools

According to the Centers for Disease Control, nearly 22 million school days are lost every year due to the common cold alone. Schools can be a breeding ground for infections. This program will keep your school informed about infection control basics.

- Common and potential risks: hepatitis, MRSA, pink eye, mono
 - The infection triangle - source, host, route of transmission
 - Transmission: airborne, droplet and contact
 - Standard Precautions
 - Exposure control
- Coastal.** #26-S499-DVD \$275

Bloodborne Pathogens In Schools: A Refresher Course

This DVD highlights the latest AIDS, HBV and HCV concerns. Effective as both refresher or initial training for your entire faculty and staff.

- Transmission of bloodborne pathogens
- Reducing risks
- Exposure control plans

Coastal. #26-S402-DVD \$275

Bloodborne Pathogens Fast Facts for Schools

This program was created to give your faculty and staff essential information about bloodborne pathogens that can be used quickly and in a variety of situations.

- Hepatitis B, Hepatitis C and HIV
- Transmission
- Housekeeping
- Exposure Control

Coastal. #26-S335-DVD \$224

Available in ClarityNet format.

Handwashing for Schools

The same hands that help you do your job can also contribute to the spread of disease. This program will show you how to protect yourself and others through proper handwashing procedures.

Coastal. #26-S157-DVD \$275

Handbook available.

Handwashing: Avoiding Germs and Viruses at Work

The cold and flu season causes downtime at work, but with this helpful training program, your employees can still be up and running. It explains the pure, clean facts on:

- How to avoid spreading germs
- How germs and viruses are spread
- Minimizing contact with germs
- Proper handwashing techniques
- When and why it's important to wash hands.

Coastal. #26-S308-DVD \$275

Safety Coach and the Showdown With Dirty Dillard: A Handwashing Adventure for Students

Train and entertain your K-6 students with Coastal Schools' NEW animated handwashing video!

Let Safety Coach teach students that frequent handwashing is one of the best ways to stay healthy and prevent the spread of infectious diseases. Video covers:

- When students should wash their hands
 - Six steps to washing hands properly
- (6 minutes) Coastal.** #26-S327-DVD \$99

Handbook available.

AIDS AND THE SCHOOL ENVIRONMENT Universal Precautions for School Staff

A fifteen-minute program developed especially for schools. It provides information on how to reduce the risk of transmitting infectious diseases in the school environment. **AMS.** #90-7003-DVD \$200

Food Servicing for Schools: Keeping it Clean

When you work with food, you hold the lives of other people in your hands. This new program teaches school cafeteria employees what they can do to keep food safe and free from contamination.

- Personal hygiene
- Proper handwashing
- Maintaining a clean facility
- Sanitation
- Handbook available

Coastal. #26-S235-DVD \$275

Avian Flu: What You Need To Know

The Avian Flu lacks one trait that could turn it into a pandemic: the ability to spread from human to human. But the lethal virus can become contagious any time, so companies must protect their employees, their families and their facilities from exposure and contamination. This program profiles the virus and offers important tips on how to avoid transmission.

Coastal. #26-S346-DVD \$595

Tuberculosis Awareness

Anyone can contract TB and it's new drug-resistant strains, including your employees. This new program will help your employees understand TB and how to fight against it.

- How you get TB
- Symptoms of TB infection
- What happens if you get it
- Who is at risk
- Handbook available

Coastal. #26-S79-DVD \$595

Foodborne Illness Prevention: HACCP Principles

Food service personnel play a vital role in the health and safety of your facility. Most food contamination and food poisoning is caused by poor or improper handling procedures and techniques. The Foodborne Illness Prevention: HACCP Principles program ensures that your personnel use a systemic food safety program designed to reduce risk of food illness.

Coastal #26-S398-DVD-ITE \$275

MRSA Awareness in Schools

Community-Acquired MRSA is a fast-spreading infection that kills 18,000 people in the U.S. each year. It is a virulent staph infection that begins as skin irritation.

Protect your staff and students from the spread of this dangerous disease with this comprehensive program.

- What is MRSA and how does it spread?
- Signs and symptoms of infection
- Treatment options
- Preventing transmission
- Handbook available

Coastal. #26-S411-DVD \$275

In Their Own Words

Shot in documentary style, In Their Own Words is the story of three teenagers from different cities whose lives were changed by fire. The video captures their candid reflections as each one describes the emotional, financial and legal price they have paid for setting fires. In Their Own Words is a compelling and truthful portrait. Surprisingly positive in tone, the video is destined to make a lasting impression on everyone who sees it. Handbook available.
The Idea Bank. #110-S11-DVD \$295

Public Assembly Fire Safety

This award-winning video Fire in the Workplace, is a guide for employees of restaurants, theatres, stores and other facilities where the public gathers. Special segments include crowd management, assisting people with disabilities, fire exit strategies and how to maintain fire safety systems. Handbook available.
The Idea Bank. (13 min) #110-S7 \$295

WHEN FIRE STRIKES . . . A Video Guide For Commercial Kitchen Employees

This 15 minute video is a safety training tool for employees at restaurants, schools, hospitals and other facilities with commercial kitchens. Special segments include:

- Understanding how your fire suppression system works
- Hot oil fire do's and don'ts
- Safe clothing guidelines
- Cleaning grills, hoods, filters, vents, ducts, fans
- How to evacuate customers in a fire emergency
- Handbook available.

The Idea Bank. (15 min) #110-S9 \$295

Fire Extinguishers

When a fire breaks out, there's no time for trial and error. This program teaches employees to think calmly during a fire emergency, be confident in their knowledge of which fire extinguisher to grab and be confident of how to use it. **CLMI.** (12 min) #39-FEXCP-DVD \$495

Fire Safety for Schools: Sound the Alarm

In the past several years, firefighters responded to a fire in an educational facility every hour. With scary statistics like this, it is clear why fire safety and pro-active training is necessary. This program explains why fires start and what your facility can do to prevent them. Should a fire occur, this program also outlines steps that should be followed by your staff to prevent injury.

- Emergency Action Plan
- How a fire starts
- Fire prevention
- Safe evacuation
- Handbook available.

Coastal. #26-S236-DVD \$275
Available in ClarityNet format.

Fire Extinguishers - Your PASS to Safety

This video will help you provide accurate and concise annual training on the proper use of fire extinguishers.

- The elements of fire
- The resulting chain reaction
- Ways to eliminate heat, oxygen or fuel
- Different fires require different fire extinguishers
- Classes of fires
- Classes marked on extinguishers
- Using the PASS procedure
- When to call the fire department

(10 minutes) **Coastal.** #26-S252-DVD \$595

In Their Own Words - Four Years After

A Video about Juvenile Firesetting
The award-winning video, In Their Own Words, shares the personal stories of three teenagers. It is a compelling portrait of the consequences of juvenile firesetting. Since its introduction in 1998, more than 6,500 fire departments and schools have added the video to their libraries. It is an ideal tool to use for one-on-one interventions as well as in a classroom setting. Handbook available.
The Idea Bank. #110-S12-DVD \$295

Fire Safety: Alert, Aware, Alive

The heat is off with this program. Show your employees life-saving information on the different types of fires, how they can be prevented and what should be done in case of a fire.

- Elements a fire needs to burn
- Prevention
- Fire extinguishers

Coastal. (12 min) #26-S278-DVD \$595

Drivers Safety Training

General/School Bus Ridership

Have it the way you want!

*DVD, E-learning, Streamed, Video On Demand,
Custom Edits, You name it we can deliver.*

Winter Driving

Snow, ice and freezing temperatures create a nightmare for any driver - but for employees who drive constantly as part of their jobs, the nightmare is compounded. This program examines the hazards of winter driving and how to avoid them. Handbook Available. **Coastal.** (17 min) #26-S71-DVD \$275

SNOWPLOW SAFETY: Parking Lots

This 16 minute video focuses on specific safety issues regarding the plowing of parking lots.

- Pre-season site inspection
- Equipment inspection
- Scanning for hazards
- Clearing entrances and exits
- Working with other snow removal equipment
- Special considerations for plowing 24-hour operations (convenience stores, hospitals, etc.)

Coaching Systems. #198-7-DVD \$175

Road Rage: How To Protect Yourself

Aggressive driving is on the rise. Statistics show that the problem is not unique to a particular city, community or age group. This 10-minute video is packed with information drivers need to know about maneuvering safely in today's stressful and often dangerous driving environments.

Coaching Systems. #198-8-DVD \$175

Wheelchair Transportation

Provides detailed instruction on handling and securing wheelchairs on and off the bus. Includes specific instruction on how to make the experience as pleasant as possible for the student in a wheelchair.

Vidpro. #90-5002T-DVD \$200

Transporting Infants and Toddlers

Based on guidelines developed by NHTSA, this program demonstrates driver/attendant procedures for the proper way to secure infants and toddlers in approved child safety restraints. As pupil transportation departments face an increasing demand to transport pre-schoolers – even infants – this is a must have. **Vidpro.**

#90-5003T-DVD \$200

Bus Drivers: Managing Emergencies

Roughly 25 million students ride the bus to and from school. And with such a huge volume of passengers, high emotions and heated attitudes, buses can become volatile sites of accidents, injuries and/or conflicts. In fact, about 20 students are killed in bus-related mishaps and a lot more are injured every year. Clearly, safety is of paramount importance. Bus Drivers: Managing Emergencies features standard procedures and advanced practices to help drivers steer students away from the dangers.

Coastal. #26-S494-DVD \$225

DRIVEN TO DISTRACTION

Driving distractions cause crashes. This groundbreaking program will point out exactly how dangerous distractions in the car can be. The main character is the embodiment of distractions such as cell phones, food and drink, make-up, briefcases and many more. He delights in distracting drivers and causing accidents – from fender-benders to fatal crashes. After watching this, you and your employees will be far more focused behind the wheel. Cell phones vs. drinking and driving Eating and drinking in the car Road rage When eyes leave the road **Coastal.** #26-S412-DVD \$325

Defensive Driving:

15 Passenger Van Safety

National Highway Traffic Safety Administration research found that the rollover risk of 15-passenger vans dramatically increases as the number of passengers increases. Be sure operators of your 15-passenger van know how to operate safely with this high-impact training program. **Coastal.** #26-S319-DVD \$325

Driver Safety Training for Bus Drivers

Defensive Driving For School Bus Drivers

This new video covers the 3 A's of defensive driving -- Attitude, Awareness and Action -- and how bus drivers can put them to work to avoid catastrophic accidents.

- Keeping a positive attitude
 - Expecting and preparing for the unexpected
 - Taking control of your own safety
 - Handbook available.
- (17 minutes) **Coastal.** #26-S339-DVD \$275

School Bus Drivers: Positively in Control

Being a bus driver isn't an easy job. It takes a person with a positive attitude and a mountain of patience to drive a school bus. And it's not hard to lose patience when students are out of control and traffic is bad. This program will help teach your drivers that with a quick attitude check before boarding the bus, they can manage students, operate safely and efficiently and be positively in control! Handbook available. **Coastal.** #26-S234-DVD \$275.

Driver First Aid

Addresses the day-to-day minor injuries a bus driver may face - bumps and cuts, insect stings, foreign matter in a child's eye, pencil jabs, and a variety of other common injuries. **Vidpro** (18 min) #90-4006-DVD \$200

Pre-Trip For Your School Bus

This video gives a general introduction to the daily pre-trip inspection. Areas covered include:

- What to look for while checking the engine compartment
- Inspecting the interior and exterior of the bus
- Instrument controls and gauges
- Mirror adjustment
- 8 Light Flashing System
- Emergency equipment
- Seat and steering wheel adjustment
- Checking the brakes & cycling the air brakes

Coastal. #26-S382-DVD \$275

Pre-trip Inspection for Bus Safety

Up-to-date guidelines for this most important procedure. Includes extensive instructions for correct mirror adjustment.

Vidpro. #90-5001T-DVD \$200

School Bus Brake Systems: Steady Pressure

A safety training program that will educate your drivers on best practices of how to use steady pressure.

Coastal. #26-S379-DVD \$275

School Bus Brake Systems: Intermittent Pressure

A safety training program that will educate your drivers on best practices of how to use intermittent pressure.

Coastal. #26-S378-DVD \$275

School Bus Brake Systems: Braking Techniques

A safety training program that will educate your drivers on best practices of how to use the brake systems.

Coastal. #26-S377-DVD \$275

School Bus Brake Systems: Air Brakes

A safety training program that will educate your drivers on the best practices of how to use the brake systems. Covers:

- Antilock Braking System
- Air Brakes
- Hydraulic Brakes
- Extending Brake Life
- Best Practices; wet roads, brake failure, emergency stops, downhill braking, skid recovery, following & stopping distances

Coastal. #26-S355-DVD \$275

School Bus Mirror Systems

This DVD program demonstrates:

- Adjusting your seat before you adjust your mirrors
- Setting up a mirror adjustment station according to FMVSS-111
- Adjusting your mirrors using the mirror adjustment station and reference points
- Correctly using your mirrors as a system once they are adjusted
- Recognizing blind spots around your bus

Coastal. #26-S375-DVD \$275

Available in ClarityNet format.

Evacuating the School Bus

Educate your drivers on how to safely evacuate the school bus: includes rear, side and emergency exits, safety equipment and much more. **Coastal** #26-S381-DVD \$275

Available in ClarityNet format.

Matter of Survival DVD

Motivational training for loading and unloading, student crossings, dragging incidents, mirror safety and hazards at bus stops, and much more.

Coastal. #26-S380-DVD \$275

Available in ClarityNet format.

School Bus Held Hostage

It's not just an urban problem, it's a human problem. A hostage crisis can happen anytime, anywhere. Training and communication are your best defenses in a hostage situation. This program will give your drivers important skills to increase their chances of surviving the crisis.

Coastal. #26-S386-DVD \$275

Available in ClarityNet format.

Defensible Use Of Force On The Bus

Educate your drivers on the legalities and liabilities of using physical force with students.

- What constitutes the use of force. Many drivers use force without knowing it.
- When force may be legally used. The rights of self-defense and protection of others.
- What makes force necessary and reasonable.
- How to document the use of force. The need to articulate justifying factors.
- Consider alternatives. Maintaining professionalism.

Coastal. #26-S387-DVD \$275

Available in ClarityNet format.

Dealing with Young Riders: Communication

This program is part of a series that your driver trainer will use to teach drivers how to stop disruptive behavior and give directives that students will follow. The techniques are simple, easy to learn and they work.

- Sending the messages "I care, and I'm in control."
- Three verbal techniques for gathering information and calming things down.

Coastal. #26-S357-DVD \$275

Dealing with Young Riders: Rules, Rapport & Reason

This program is part of a series that your driver trainer will use to teach drivers how to stop disruptive behavior and give directives that students will follow. The techniques are simple, easy to learn and they work.

- An introduction to what motivates kids
- Safety, Order, and Rights - values that every young student needs
- Building rapport with kids through brief communication.

Coastal. #26-S356-DVD \$275

Dealing with Young Riders: Giving Directives

This program is part of a series that your driver trainer will use to teach drivers how to stop disruptive behavior and give directives that students will follow. The techniques are simple, easy to learn and they work.

- Personalizing and other pitfalls
- Four steps giving directives that students will follow.

Coastal. #26-S358-DVD \$275

Dealing with Young Riders: Dealing with Groups

This program is part of a series that your driver trainer will use to teach drivers how to stop disruptive behavior and give directives that students will follow. The techniques are simple, easy to learn and they work.

- Understanding group dynamics and children
- A simple and effective approach to controlling group behavior.

Coastal. #26-S360-DVD \$275

Child Safety Restraint Systems

This program demonstrates:

- Minimum Bus Requirements: make sure your bus meets the standards for using safety restraints
- Proper car seat installation
- Proper securement of the child in the car seat
- Securing children in integrated seats (C.E. White seat), seat belts, safety vests
- Loading and securing wheelchairs

Coastal. #26-S385-DVD \$275

Dealing with Young Riders: Stopping Disruptive Behavior

This program is part of a series that your driver trainer will use to teach drivers how to stop disruptive behavior and give directives that students will follow. The techniques are simple, easy to learn and they work.

- Understanding group dynamics and children
- A simple and effective approach to controlling group behavior.

Coastal. #26-S359-DVD \$275

Breaking Up Fights On The Bus

Knowing how to safely stop a fight on the school bus is an essential tool for drivers. Since the bus is a confined space, the dynamics of a fight could be potentially more dangerous for other riders. Therefore, this subject deserves special attention. Drivers are taught the proper forms of intervention, and made aware of unsafe interventions that may cause injury to themselves or others.

Coastal #26-S352-DVD \$275

Available in ClarityNet format.

Handling the Parent Contact

Powerful techniques that drivers can use for building bridges and resolving conflict with parents. Consider the benefits of having a standardized approach for dealing with the difficult or concerned parent.

- Improved professional image and consistency.
- Courteous, effective control of the emotional parent.
- Reduced stress - aids in reducing driver turnover.
- Timely resolution of conflicts.

Coastal. #26-S361-DVD \$275

Available in ClarityNet format.

Transporting Students With Special Needs: Commitment & Care

This is part of a series of tapes for managing the behavior of special needs students on the school bus. This training gives your drivers an insightful perspective on special needs behaviors and teaches a flexible, problem solving approach. The set includes a module on the appropriate use of touch.

Coastal. #26-S362-DVD \$275

Transporting Students With Special Needs: Kids Are People Too

This is part of a series of tapes for managing the behavior of special needs students on the school bus. This training gives your drivers an insightful perspective on special needs behaviors and teaches a flexible, problem solving approach.

Coastal. #26-S363-DVD \$275

Transporting Students With Special Needs: Don't Lose Your Touch

This is part of a series of tapes for managing the behavior of special needs students on the school bus. This training gives your drivers an insightful perspective on special needs behaviors and teaches a flexible, problem solving approach.

Coastal. #26-S364-DVD \$275

School Bus Safety Series Vol. 1-4

Four, age appropriate programs with instructor manuals for teaching children how to safely ride the school bus. Designed to be taught in the classroom by the teacher or transportation representative.

- Volume 1. Kindergarten and Pre-K: This training introduces children to the basic concepts and safety rules of riding the bus.
- Volume 2. Grades 1 through 3: This training 1) reinforces the basics of how to approach, ride and leave the bus 2) introduces the rules that relate to on board behavior and 3) presents the concept that bus transportation is a privilege and not a right.
- Volume 3. Grades 4 through 6: This training 1) reinforces the basic safety rules 2) reinforces the behavior rules and examines the reasons for them and 3) reinforces the concept that riding the bus is a privilege and not a right.
- Volume 4. Grades 7 through 10: This training 1) reinforces the safety rules 2) reinforces the behavior rules 3) teaches students to model behavior for younger riders and 4) reinforces that riding the bus is a privilege and not a right.

Coastal. #26-S388-DVD \$225

The End of the Road

A DVD program designed especially to show middle-school bus riders that features real students dramatically illustrating the potentially tragic results of horseplay on the bus. **VIDPRO.** #90-5006T-DVD \$200

School Bus Safety: It's All Black and White

This program, with help from a former Disney mime, teaches young riders school bus safety rules. Good for students from K-4th grade. Vidpro. #90-5004T-DVD \$200

Pre-K Transportation (Ages 0-5) Driver

This program gives drivers an introduction to transporting preschool and IEP children on their school bus. They will learn about their responsibilities and gain an understanding of what is expected of parents and the IEP school staff.

- Transportation Basics - general guidelines for curb-to-curb bus service.
- School Transportation Team - the responsibilities of parents, drivers, bus assistants, teachers and school staff.
- Separation and Trust Issues - suggestions on how to help parents and children overcome fears about the bus.
- School Bus Safety Rules - 7 basic rules all children need to know to safely ride the bus

Coastal. #26-S383-DVD \$275

Pre-K Transporting Your Child Safely (Parent)

Parents will gain an understanding of school bus safety and the transportation professionals who ensure the well being of their child. This program may also be used as a discussion tool for drivers, bus assistants and IEP staff.

- Transportation Basics - general guidelines for curb-to-curb bus service.
- School Transportation Team - the responsibilities of parents, drivers, bus assistants, teachers and school staff.
- Separation and Trust Issues - suggestions on how to help parents and children overcome fears about the bus.
- School Bus Safety Rules - 7 basic rules all children need to know to safely ride the bus. **Coastal.** #26-S384-DVD \$275

Transporting Pre-Schoolers: Get A Head Start On Safety

Small children require special attention when traveling, and safety seats and vests are just the beginning.

Head Start and emergency guidelines
Driver and monitor qualifications and duties
Moving students on and off the bus
Route planning tips
Avoiding common mistakes
Preparing for emergencies
Handbook available

Coastal. #26-S279-DVD \$275

Bus Safety: Dealing with Behavior

Help your school bus drivers learn how to manage student passenger behavior with this important training program.

Types of student behavior that are unacceptable on school buses and why
Common reasons for misconduct
Management techniques
How to deal with situations that may arise
Handbook available

Coastal. #26-S309-DVD \$275

Available in ClarityNet format.

GROUNDSKEEPING SAFETY: Be A Pro!

Learn the "ground" rules for staying safe while maintaining lawns, trees and shrubs. A must see for all maintenance and grounds staff.

- Personal protective equipment
- General safety checklist
- Tractors
- Riding and push mowers
- Blowers
- Trim and bush cutting equipment
- Hazardous materials
- Handbook available.

Coastal. #26-S162-DVD \$325

GROUNDSKEEPING SAFETY: Dealing With Bugs & Critters

This program, designed especially for public works, utility, government employees or anyone whose job function includes grounds maintenance or outdoor responsibilities, is essential for a safe work environment.

(15 min). **Coastal.** #26-S206-DVD \$325
Handbook available.

PLAYGROUND SAFETY: Design and Maintenance

This video is an excellent safety tool for every park and school district. Hands-on inspection techniques show maintenance personnel how to stay in compliance with new playground safety guidelines. Segments include:

- How to Safety-Inspect Playground Surfaces
- How to Prevent Entrapment Injuries
- Using "No-Encroachment" Zones for Increased Safety
- How to Detect Protrusion and Entanglement Dangers
- Identifying "High-Risk" Areas on Your Playgrounds

Idea Bank. (20 min) #110-S3-DVD \$195

PLAYGROUND SAFETY: Supervising Our Children

This 13 minute program will teach viewers how to supervise children on a playground. Specifically, it discusses potential hazards of a playground such as hard surfaces, moving parts, large openings (strangulation hazards), loose or damaged screws, splintered wood, etc. It explains basic rules of the playground and types of unsafe play to watch out for. Also explains how to respond to an incident and gives some basic first aid tips. Handbook available.

Coastal. #26-S163-DVD \$275

Playground Safety: Making The Grade

This innovative program that teaches school personnel how to maintain a playground and supervise the children on it to ensure their safety.

- Inspection of playground equipment to ensure it's safe
- Supervising the playground and establishing playground rules
- Making sure kids know how to use the equipment
- Making sure kids are dressed properly
- Handling various playground injuries.

Coastal. #26-S391-DVD \$275

A Custodian's Guide To On-the-Job Safety

Custodians are exposed to a variety of workplace dangers - from power tool accidents and chemical spills to back injuries and electrical shocks. This video shows you how to detect the hidden hazards that can cause serious on-the-job injuries.

Idea Bank. (27 min) #110-S4-DVD \$195

Fast And Effective Restroom Maintenance

An excellent video to help public facilities personnel maintain clean, disease-free restrooms. On-location interviews with experts from Yosemite Park, San Francisco's Candlestick Park and the Phoenix Zoo make this fast-moving tape both interesting and informative. Viewers are shown how to:

- Anticipate and prepare for high-use periods.
- Work safely with chemicals
- Prevent diseases that endanger health
- Take advantage of time-saving equipment

Idea Bank. (33 min) #110-S5-DVD \$195

Restroom Clean-Up:Just The Facts

School custodians come across many cleaning challenges. Tackle the multitude of safety issues with this informative program.

- Safety issues
- Stocking the custodial cart
- Preparation
- Ergonomics & PPE
- School custodian's role in school security

Coastal. #26-S330-DVD \$275

Housekeeping

A clean, organized workplace makes for a safer, more efficient environment. This entertaining, award-winning program teaches employees to make housekeeping a routine part of their job.

CLMI. (12 min) #39-HOUCP-DVD \$495

Electrical Safety Awareness For Non-electricians

This new video will raise awareness about electrical safety both on and off the job. The target audience is non-electricians, including maintenance workers, machine operators and anybody who works with and around electrical tools or equipment.

- Basic electrical terminology and definitions.
 - Awareness of electrical hazards.
 - Common mistakes that contribute to electrical mishaps and safe work practices that prevent mishaps.
 - Responding to an electrical mishap. Short interviews with people who have actually experienced electrical mishaps will help reinforce the safety message.
- (15 minutes). **Aurora.** #47-S20-DVD \$399

Confined Space Entry for Schools: Permit Required

This program will help protect your staff when working in confined spaces.

- Entry permit requirements
 - Safe atmospheric testing
 - Personal protective equipment
 - Training the entry team
- (23 minutes) **Coastal.** #26-S329-DVD \$275

LAB SAFETY: Under The Hood

This program is designed to help employees develop safe work practices while in the lab and learn to recognize common laboratory hazards. It also helps employees use and understand their employers' Chemical Hygiene Plan the requirements of the Laboratory Safety Standard. **Coastal.** #26-S190-DVD \$325

Handbook available.

Forklift Safety

This award-winning program focuses on the most common type of equipment - the sit down, counter balanced forklift. Both experienced and first-time operators will find this comprehensive training useful.

CLMI. (12 min) #39-FORCP-DVD \$495

High-impact Maintenance Safety

Maintenance workers face a variety of hazards each day as work assignments constantly change. These workers must have a high degree of skill and a good safety attitude to be successful. This program uses 11 accidents to illustrate the importance of building a wall of safety to protect yourself from hazards.

- three truths that form a solid foundation for personal safety
 - safety attitude
 - short cuts
 - ladder safety
 - lockout/tagout
 - line breaking
 - contractor safety
- ERI.** #48-9413-DVD \$495

ASBESTOS AWARENESS: Are You At Risk?

This best-selling video program provides an introduction to asbestos and how it is used.

- The three forms of asbestos
- Adverse health effects
- Where asbestos can be found
- Personal protection
- Housekeeping requirements
- Handbook available

Coastal. (19 min) #26-S95-DVD \$325

Available in French.

Mold Awareness

Molds are literally everywhere. While most molds are harmless to humans, some forms are believed responsible for respiratory illness. This video examines the different types of mold, explains how to reduce it in indoor environments and demonstrates what to do if your facility has a mold outbreak.

Handbook available. (14 minutes)

Coastal. #26-S286-DVD \$325

Arc Flash: Safety Awareness

Every day 16 workers are seriously injured in electrical accidents - some fatally. Teach your workers how to stay safe while keeping their co-workers and the workplace safe as well with the information in this program drawn from NFPA 70E. This program covers the three hazards encountered by those who work with or near electricity - electrical shock, arc flash and arc blast.

Coastal. #26-S334-DVD \$325

PPE: Reality In The Public Sector

Trends may come and go, but safety will not. All the time, everytime, public sector employees must wear their PPE. They face a lot of risks and must be prepared. Otherwise, the results can only be tragic. Give them a first-hand look at the consequences of not wearing PPE, through a worker's recounting of his accident. Stress the importance of using protective equipment. It covers:

- Wearing the right PPE for the job
- The importance of PPE
- Employer's and employee's responsibility
- Care and maintenance
- Different types of PPE.

Coastal. #26-S413-DVD \$325

WHMIS For Non-Industrial Employees

This brand-new program is intended to provide important information about safe work practices when working with hazardous chemicals in the office. Perfect for every office, warehouse and retail environment.

- MSDS
- Exposure limits

Coastal. #26-S333-DVD \$325

WHMIS: Learning The System

This program examines the different classifications, safe handling, storage and disposal of controlled products, labels, MSDS, and procedures to follow in case of an emergency. **CLMI.** (18 min)

#39-LTSCOEV-DVD \$395

Also Available in French.

WHMIS: Your Safety Net

This fast-paced, brand-new WHMIS overview will help protect the safety of employees by reminding them about the potential hazards of the chemicals with which they work.

- Review of MSDSs
- Working around chemicals
- Physical and health hazards of chemicals
- Exposure limits
- Handbook available
- Also Available in French

Coastal. Also available in French.

#26-S185-DVD \$325

Injuries Don't Take Holidays

While the holiday season should be a joyous time enjoyed with your family, all too often needless tragedies occur because holiday hazards are ignored. Fire hazards posed by cooking, candles, Christmas trees and careless smoking are frequently neglected. People often forget about the dangers of driving in wintry conditions or under the influence of alcohol during this time of year. In this video, EMT/Firefighter/Best-Selling Author Martin Lesperance discusses the safety precautions people must take to prevent injuries and deaths during the winter holidays. Martin also recalls real stories of emergencies he has attended to make the point that injuries don't take holidays. (23 minutes) **ERI.** #48-2196-DVD \$495

School Violence: Draw the Line

Featuring family members of a victim of school violence and interviews with experts, as well as a violent perpetrator, this dynamic video provides compelling reasons to prevent conflicts in school and to stop bullying behavior from escalating into acts of violence.

- Teaching students how to avoid or resolve conflicts
- Providing students with definitions of bullying behavior and its consequences
- Offering strategies for dealing with situations that may seem overwhelming to a young person.

Coastal. #26-HR26-DVD \$595

Preventing Sexual Harassment: What Educators Need to Know

How does one define sexual harassment in schools - amongst students, between a teacher and student, among faculty members? A simple touch, a frivolous word, an awkward glance can have hurtful and disastrous results.

- Provides your faculty, staff and students with the information they need to help them define inappropriate behavior
- Reveals how their own actions might be offensive to others
- Leads to a greater understanding of why what one might call innocent and even flattering behavior could be disturbing to others.

Coastal. #26-S392-DVD \$295

School Violence: Expect The Unexpected

Help teachers, administrators and school staff understand how to prevent school violence. This program covers the warning signs of potentially violent youth and the imminent warning signs of violence. It also covers steps to take to de-escalate a potentially violent situation, as well as the Crisis Prevention Plan and what to do when violence erupts in your school.

- Warning signs of potential violence
- Imminent warning signs of violence
- How to de-escalate potentially violent situations
- How to respond when violence erupts

Coastal. #26-S368-DVD \$225

Crisis Preparedness For Schools

This program will help your staff develop a proactive, organized and thought out plan for any emergency situation. The program covers assessing hazards, managing a crisis and discusses prevention to prepare for an emergency situation.

- Planning Team Strategy
- Prevention Mitigation
- Preparedness
- Response
- Recovery

Coastal. #26-S349-DVD \$275

Available in ClarityNet format.

School Crisis Planning: Intruder Drill

We are all aware of life changing assaults where students and teachers have been killed or injured by hostile intruders who have attacked our schools. To combat these threats, school districts and emergency services are holding intruder crisis drills.

These drills test and prepare staff and officials for handling an intruder crisis. We will review issues such as having an Crisis Management Plan, pre-planning for a drill and the use of proper safety measures. This program will highlight an actual armed intruder drill and help your school plan an exercise. It will also give you an insight into what actually occurs during a drill and a real crisis.

Coastal. #26-S371-DVD \$275

Gangs At School Vol. 1

Gang expert and veteran S.W.A.T. team member, Jesus Villahermosa Jr. presents his high energy, proactive approach to the problems of gangs in our schools. Your staff will learn about gang structure and behavior, gang initiations and how to recognize the early warning signs of gang involvement. They will become more effective in assisting administration and law enforcement's efforts to control gang influence and gang violence in your schools.

Coastal. #26-S400-DVD \$275

Severe Weather Alert: Are You Prepared?

Severe weather can happen anywhere at any time. You must be prepared for severe weather because you often have to respond with little or no notice. Making the right response can often mean the difference between being a survivor or becoming a casualty. In this program, we will discuss severe thunderstorms and tornadoes and offer some facts, tips and warnings that can help you survive these serious weather emergencies. Topics include severe weather watches and warnings, hazards posed by thunderstorms, flooding and moving water, being prepared for tornadoes, emergency response plans and precautions to take once a storm has passed. (15 minutes) **ERI.** #48-2180-DVD \$495

Emergency Action Plan: Crisis Under Control

With the new threats facing our society today, such a plan is required not only for compliance, but also for survival. Make sure your organization has a well thought out plan in place by following the guidelines provided in this program.

- Developing an effective emergency plan
- Emergency alarm and evacuation
- Emergency supplies
- Medical services
- Employee training
- Cooperation with law enforcement/fire department

(16 minutes) **Coastal.** #26-S242-DVD \$325

Emergency Evacuation: Getting Out Alive

When faced with an emergency situation, the chances of survival increase a great deal with adequate training, preparation and an emergency action plan. Make sure that your employees are prepared to handle any disaster - whether natural or otherwise - with this training video.

- how to respond in several emergency situations
- the importance of drills
- RACE

Low- and high-bandwidth course options are available to meet your delivery requirements.

Hosting Services:

Coastal can host your ClarityNet HD courses which will free up your IT department and eliminate the hassles of installing courses on your company intranet. Plus you'll have 24/7 access to the courseware and the Coastal LMS.

Learning Management System (LMS) Integration:
 ClarityNet HD courses are AICC- and SCORM-certified enabling you to easily launch the courseware from a variety of learning management systems.

Industry Anoka-Hennepin Independent School District, Coon Rapids, MN

- 43 elementary, middle and high schools
- 41,000 students
- 7,000 employees, including 2,000 teachers

Challenge Providing OSHA compliance training for the entire school district.

Why
Clarity?

Customer Requirements

1. Ability to train in multiple locations
2. Convenient for all employees
3. OSHA accountability
4. Video enhanced e-learning
5. Streamlined tracking features

Coastal's Solution

1. Coastal ClarityNet web courses can be played on any computer at any time, giving users the opportunity to train workers in multiple locations, quickly and easily. ClarityNet allows for tracking and the training of school employees spread out over a large geographic area, saving time and money.
2. Employees can view the courseware whenever they feel like fitting training into their work schedule.
3. Many ClarityNet courses comply with OSHA standards.
4. ClarityNet courses contain high-impact video making them more compelling helping employees retain information with ease.
5. The ClarityNet administrator provides training managers the opportunity to track employee use and keep accurate records.

- Employees can log on with their employee number and select the course they want to take.
- Employees can train at their own pace as they take each course.
- Each course includes test segments to monitor employee retention; if an employee answers incorrectly, he or she returns to that part of the course and repeats it till they achieve mastery.
- A full range of school employees have trained with ClarityNet, including:
 - Building and ground workers
 - Maintenance technicians
 - Custodians
 - Truck drivers
 - Print shop technicians
 - Warehouse personal
 - Cabinet makers
 - Child nutrition nurse and health paraprofessional
 - Industrial technology teachers
 - Science teachers

Results

ClarityNet provides a complete training solution for the Anoka-Hennepin Independent School District.

"It's easy to use, it provides a way for us to keep accurate records for OSHA compliance, it's cost effective and allows school employees the flexibility of training at their own pace. I believe other school districts can benefit and save money by training with ClarityNet".

Chris Nielson, Health and Safety Supervisor
