NEW Safety Titles

Take Time For Safety

In this program, workers learn the very real hazards associated with rushing and being in a hurry. Through various examples, viewers will learn to recognize the symptoms of becoming rushed, why “hurried working” is so dangerous and what steps they can take to stay safe. The program also makes the point that being in a hurry is not the real cause of incidents and injuries, but rather a symptom of poor planning, poor choices and poor time-management--all of which can be prevented by proper preparation and organization.

Produced by ERI Safety Videos. (16 minutes) #48-2950-DVD \$595

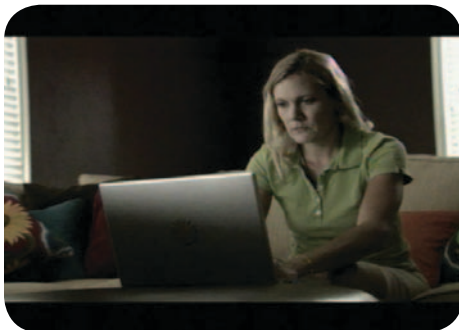

Every Choice Matters

Every Choice Matters poignantly demonstrates that when your employees choose safety it's about more than just them. It's about their family and caring about their co-workers and their families and loved ones. When someone is seriously injured or hurt on the job, the pain and devastation that follows doesn't stop with the individual. It continues to cut into the lives and hearts of family members, friends and coworkers long after the incident is over. This program features interviews with those whose lives were changed forever by a workplace incident. Motivate your employees to make the safe choice each and every time with this high-impact program.

Produced by DuPont Sustainable Solutions. (19 minutes) #26-S515-DVD \$595

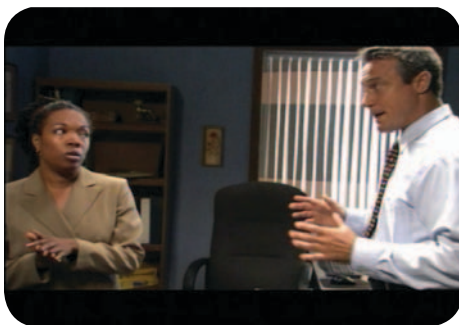

NEW Human Resources Titles

Social Media: Reduce the Risk

The course educates organizations and their employees about reducing risks such as revealing trade secrets and proprietary information, defamation of a company brand, failure to comply with social media policies and codes of conduct, digital harassment and other problems associated with social media interactions. The course can be used to accompany the rollout of an organization's social media policy or as standalone training to heighten awareness.

Produced by DuPont Sustainable Solutions. (21 minutes) #26-HR122-DVD \$945

Four Generations: The Greatest Potential

With four generations in today's workplace, differences in attitudes, values, and communication can create misunderstandings and trigger conflicts that reduce morale, teamwork, and productivity. But these differences need not be barriers to a bigger bottom line.

Produced by DuPont Sustainable Solutions. (21 minutes) #26-HR123-DVD \$945

ResourceNOW
CONTENT ON DEMAND

Safety Video and Content Streaming

ResourceNOW™ is the most comprehensive, versatile and convenient online safety training and compliance system in the world. ResourceNOW™ extends the content and tools from **CLMI's award winning Blueprints for Safety® series** and provides your organization with the means of accessing what they need when they need it. Whether you need to access a certain compliance safety training video or some other safety related material, ResourceNOW™ has you covered.

This unique and powerful system provides you with:

- The industry's leading library of safety training video programs streamed on demand.
- Full set of interactive support materials, including instructor's guides, checklists, PowerPoints, workbooks, tests, forms, recordkeeping and more!
- Flexibility allows you to train in groups or assign training to individuals.
- Easy to use, always accessible from the web.

NEW Healthcare Titles

Disruptive Behavior: Too Great A Cost

This program defines disruptive behavior among healthcare workers, providing examples and differentiating subtle forms from obvious manifestations. It points out the impact of disruptive behavior on employee health, morale, performance, turnover, organization's reputation, communication, teamwork and patient safety. Through everyday applications, the program shows how healthcare workers can create a supportive environment that can neutralize disruptive behavior; and cites tips on confronting and conversing with a disruptive person.

Produced by DuPont Sustainable Solutions.

(22 minutes) #26-HC111-DVD \$395

Infection Control In Long-Term Care: Protect Your Residents, Protect Yourself

This program can help your staff keep residents in long-term care facilities infection-free. It surveys a whole range of topics: identification of common infections; factors that increase susceptibility to infection; and various practices that can help prevent disease.
